

The Gateway to Real-World Crypto Usage in India

ANYTIME, ANYWHERE

One Wallet, Five Major Blockchains

Seamlessly integrated with Gram Chain, TON, TRON, Ethereum & BNB Chain.

01

Gram Chain

Native blockchain powering seamless swaps across all supported chains.

02

TON & TRON

Lightning-fast transactions with low fees for everyday crypto use.

03

ETH & BNB

Access DeFi giants and swap tokens like BNB to USDT instantly!

What is GINR?

The GramChain INR Stablecoin,
pegged 1:1 with the Indian Rupee.

01

Zero Volatility

Enjoy stable daily spending without worrying about crypto price swings.

02

Instant Conversion

Convert any crypto to GINR in seconds – fast and hassle-free!

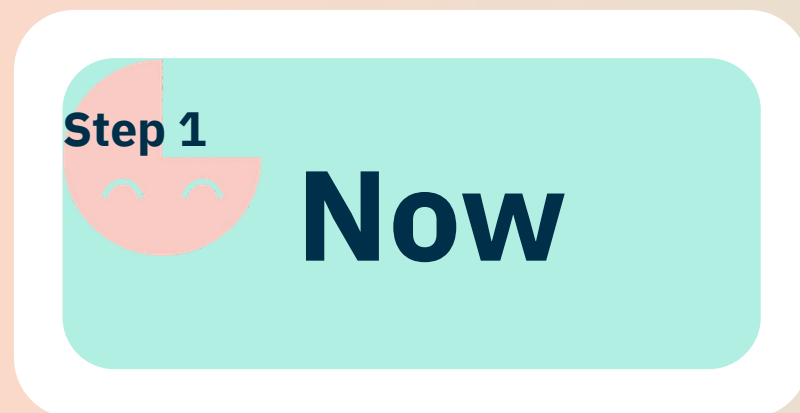

03

Universal Outbound

Seamlessly convert GINR to USDT or withdraw directly via UPI.

Moving Beyond the Digital Screen

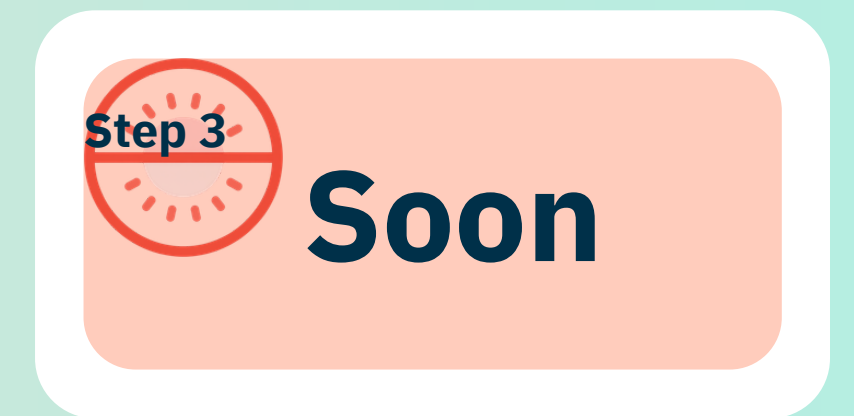

Direct-to-UPI transfers & cross-exchange USDT moves.

Future Super App:
Travel bookings, BBPS bills, Credit Cards.

RuPay Card for ATM withdrawals & instant Gift Cards.

How GramCoin (GCC) Captures Value

The economic engine powering the GramPe ecosystem.

Gas Mechanism

Every conversion to GINR and every transaction on the network uses GCC as the gas fee – creating constant demand!

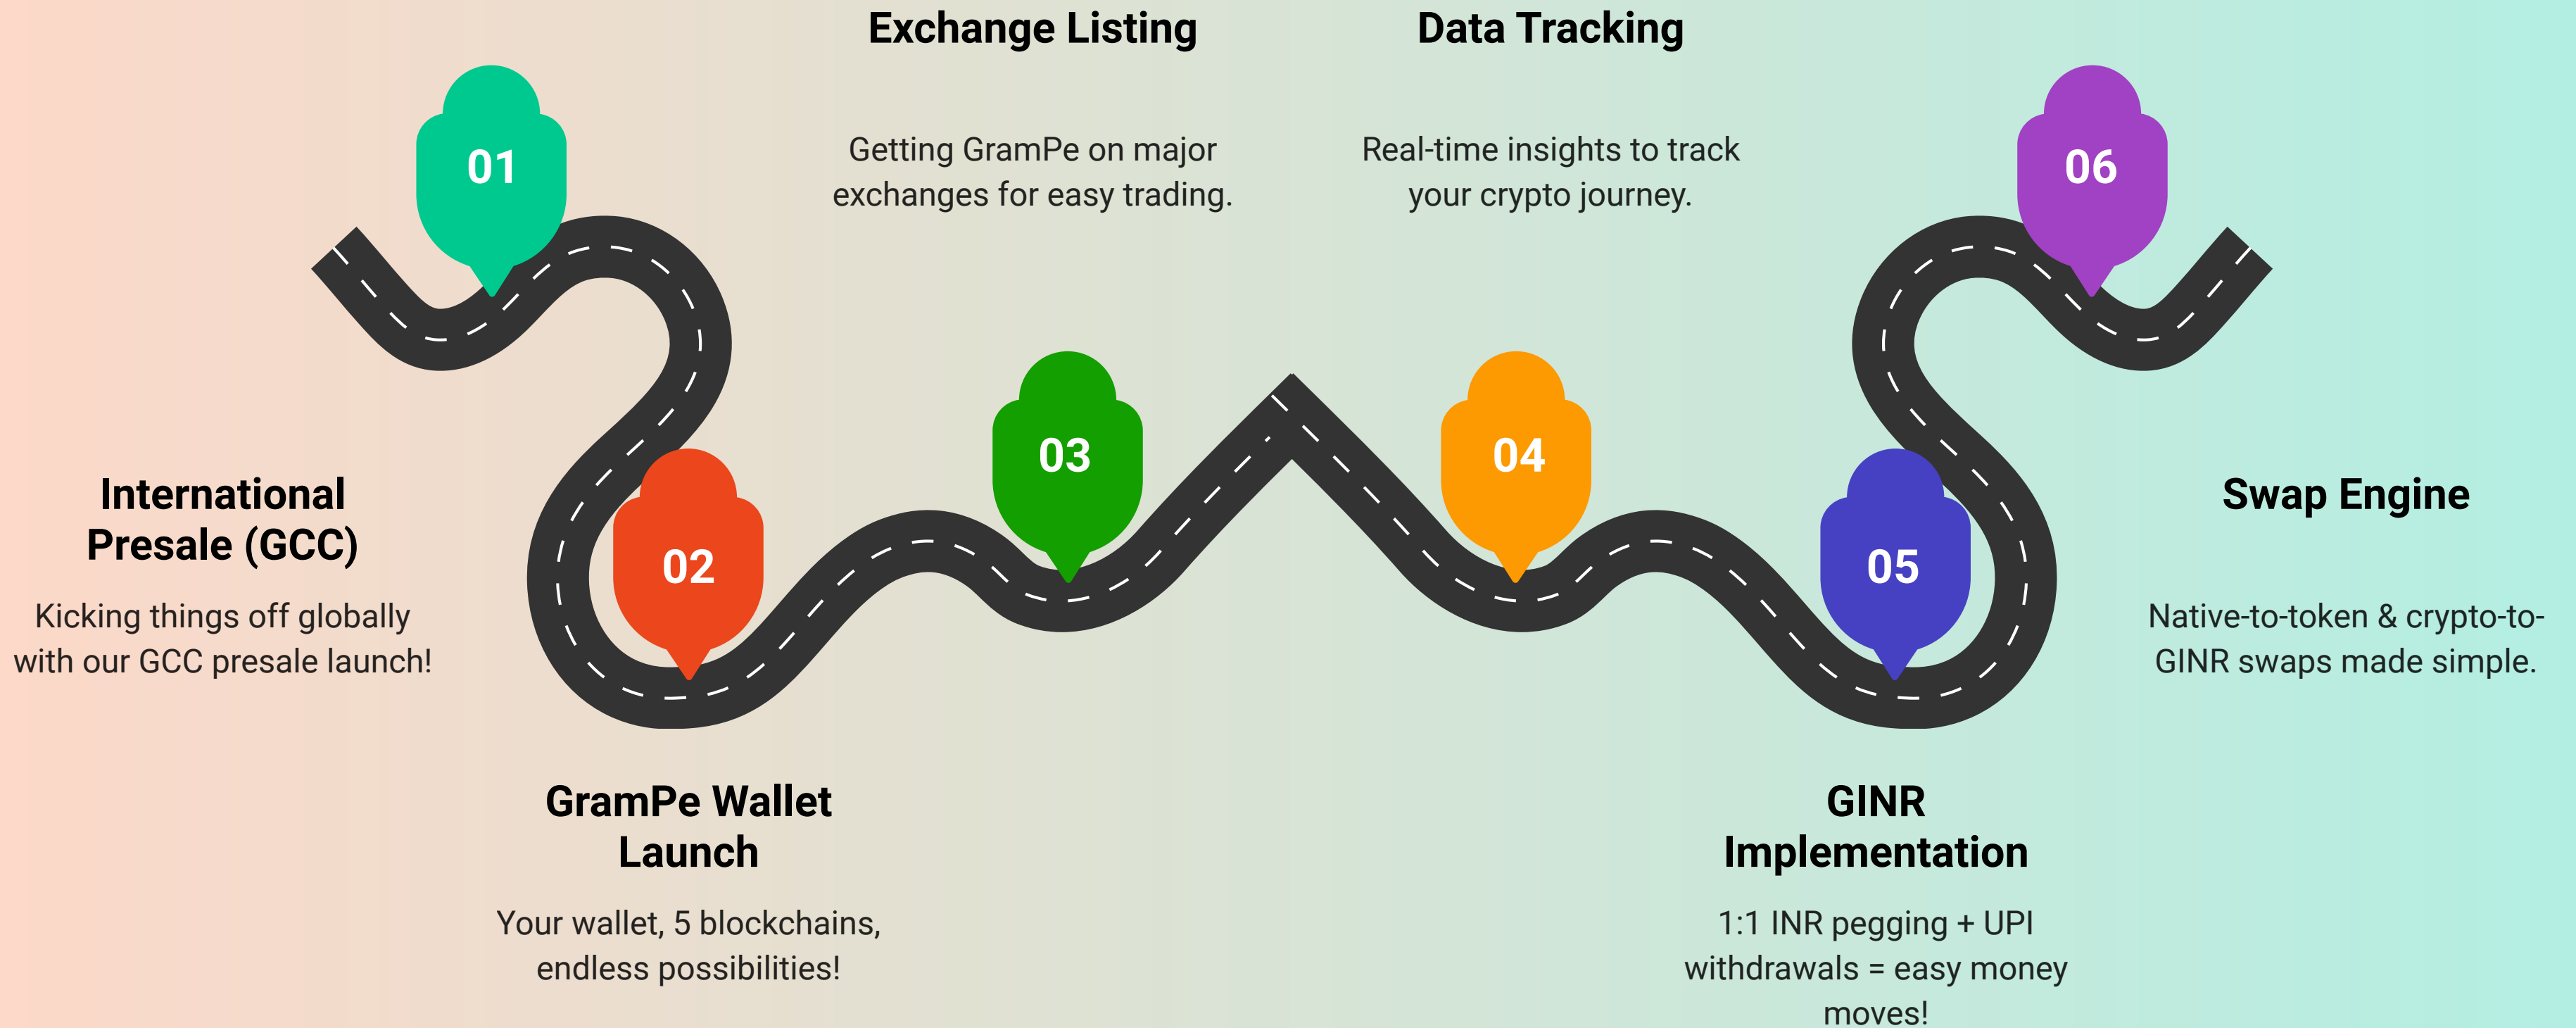

Demand Drivers

High-volume swapping spikes GCC demand. Required for validator activities & governance. Staking rewards for holders!

Staking Rewards

Long-term holders earn rewards while fueling ecosystem growth.

From Launchpad to Real-World Power-Up

Turning Crypto into Tangible Value
